University Logo

Lourdes University's logo is an important visual identifier of our brand and should appear within all marketing materials for the University. It is available in two formats: horizontal and vertical. The logo may be displayed in black, white or Lourdes University terra cotta. This graphic should appear in its entirety as shown. The logos should not be recreated, altered or modified in any way. These identifying marks should only be implemented using the highest-quality logo files possible, and should never be manually altered.

University Seal

The Lourdes University seal is reserved for use only by the President's Office and in official university communications, including diplomas, formal invitations, formal publications and communications. The historic seal has strategic use on marketing materials. It is recommended for use as a graphic element to support the primary logo. It should be printed as one color only. It may also be used as a watermark.

Athletic Logos

Lourdes University's athletics logo is reserved for athletics cases only and should not be used in lieu of the university's primary logo. Lourdes Athletics may still use the primary logo on marketing materials and publications as a secondary element. The Gray Wolves logo can be used horizontally or at a 14 degree angle.
